

Objective

The Balanced Income Portfolio aims to deliver a total return of inflation (CPI) +4% pa. over rolling five-year periods. It also aims to deliver a rising income stream, growing faster than inflation.

Suitability

Designed for investors who seek a regular investment income together with capital growth over not less than 5 years and who are prepared to accept periodic capital losses to achieve a high total return.

Asset Allocation

The portfolio can invest across all asset classes, but it is limited to a maximum equity weighting of 85%.

Risk Profile

The portfolio adopts a moderate to higher approach to risk and it is anticipated its volatility will not exceed 85% of global market equity volatility.
