

### Objective

The SRI Cautious Growth Portfolio aims to deliver a total return of inflation (CPI) +3% pa. over rolling five-year periods.

### Suitability

Designed for investors who seek capital growth over not less than 5 years through investment in a diversified range of ethically screened assets and are prepared to accept the prospect of some short-term capital losses to achieve a high return.

### Asset Allocation

The portfolio can invest across all asset classes, but it is limited to a maximum equity weighting of 60%.

### Risk Profile

The portfolio adopts a moderate approach to risk and it is anticipated its volatility will not exceed 60% of global market equity volatility.

### Benchmark

IA Mixed Investment 20-60% Shares
